

## An extensive range of products

Welcome to the Barnes Williams product list which shows our extensive range of products sourced worldwide for food manufacturers.

As consumers and manufacturers increasingly demand unique and interesting cuisine-led foods, we fulfil this demand with our diverse range of ingredients and finished products that we source from our network of supply partners throughout the world.

During our years in the ingredients supply business, we've built up our knowledge and product and supply chain expertise to allow us to offer such an extensive product range today.

**Guide to availability.** *So vast is our range that it's impossible for us to stock all products in our UK warehouse. We use a simple 'traffic light' guide to illustrate their availability. Whether green, amber or red, we will always do our best to meet your supply needs on time.*

- **Green.** products are held in UK all-year-round
- **Amber.** products are available at short notice
- **Red.** longer lead times are required
